The Mayor

To :

CityNet Mobil Programm Partners

OBJET : The European Mobility Week

Dear Sir or Madam,

For a very long time, the City of Clermont-Ferrand had impulsed a voluntarist policy for sustainables and respecting environment new ways to move. This means working on permanent improvement of public transports, but also by valorising the industrial R&D technologic potential.

Caring about participating in an european exchange network, the City of Clermont-Ferrand had wished to exhibit a CityNet Mobil showcase during the European Mobility Week from the 9th to the 20th of September 2009.

Two highlights will rhythm this event:

- Summer Camp (from the 9th to the 16th of September 2009) : conferences and annual meeting of chairmen and experts specialized on mobility issues. The 2009 main theme will be « The City of the Future » with, among other events, the European program CVIS release, in the presence of the association POLIS.

- Exhibition « Future's Vehicles and Mobility » (from the 18th to the 20th of September 2009) which will highlight industrial and universities R&D programs in sustainable mobility.

In 2008, more of 2.000 visitors have been participating in the European mobility Week.

The 2009 edition will take advantage from a major asset with the CityNet Mobil showcase. I would be very honoured to welcome you at the Clermont-Ferrand City Hall on the 17th of September and to invite you to participate in a bunch of meetings and debates on these issues. On the 18th of September, you will visit in premiere the exhibition « Future's Vehicles and Mobility » and to assist to the dynamic showcases at the Congress Center Polydome.

Hoping your stay in Clermont-Ferrand will be under the sign of technologic cooperation and shares,

Yours sincerely.

The Mayor,
